I want to thank all the members of the San Diego Fly Fishers for your support of our Project Healing Waters San Diego program. Your continued support and volunteer hours have allowed us to reach out to hundreds of disabled veterans and service men and women for the past 7 years. I look forward to continuing our efforts for years to come.

On November 7th with your support we held our annual Project Healing Waters fundraiser at our SDFP monthly club meeting at the Southwestern Yacht Club. With the generous support of club members and veterans from our Project Healing Waters program we collect \$995.00 to support Project Healing Waters Fly Fishing programs across the nation. Last year through efforts from clubs like ours, Project Healing Waters was able to serve 7500 disabled veterans and service members. Thank everyone for helping keep this valuable program alive.

Next Meeting
Stroud Banquet
Sunday, January 29, 2017
Southwestern Yacht Club

Skip Price Memorial Amphitheater Volunteers in front of the sign. Great Job Everyone !

The whirlwind year of SDFF 2016 is winding down. As you, I wish I had wett a line a day or two more, attended one more Thursday night fly tying congress meeting and enjoyed breaking bread with a few more members. There is still time to join Bob Pharoah and the Bay Bunch or Gretchen and the Cuyamaca Trout Chasers for a few more tugs and camaraderie.

Monday evening December 5, is always a fun event. Lew Walsh over the year assembles donations from members for our year end, swap meet/ 'get back on budget' fund raiser. Come early to enjoy a beverage and meal with friends and bring a few extra bucks for the raffle and to grab that one missing rod or reel to compliment your next trip.

Tickets for our January 29, Stroud Banquet will be available as well. In addition to honoring several of our members for their past year efforts, there will be food

and some amazing door prizes including a 9', 4 wt, 4 piece Sage VXP rod and a custom wrapped Jack Duncan rod.

There is still time to nominate a 2016 Stroud recipient. You can either go online or pick up a nomination form at our December meeting. Nominees do not need to be SDFF members and require 2 SDFF members to endorse the nominee. Kindly turn your nomination forms into either myself, Alan Thompson or Jack Duncan by December 15.

Thank you for your support.

Bratwursts are available for purchase at COSTCO Warehouse stores.

For the second year in a row, Larry George provided the fresh hamburger meat and Bratwurst for our Casting Event held at Tidelands Park

Casa Vieja Meadow in the Golden Trout Wilderness

Join SDFF members as they make two trips annually, one trip in early summer to repair and set up the cattle excursion fence to protect the fragile mountain meadow. The second trip occurs in the fall to take down the barb wire fence to minimize witer storm damage. While in the meadows, look for the elusive Golden Trout that can be found in the small streams.

Trout in the Classroom

This event will become a recurring event as we continue to build increase participation by local schools. There is the possibility to raise and release trout three times during the academic year. (see photo below and Page 14 for latest photos from training)

\$5 Discount on San Diego Fly Fishers (SDFF) Club Annual Membership Dues for New Members of International Federation of Fly Fishers (IFFF)

SDFF is an Affiliate Club of IFFF and recognizes the benefits that IFFF contributes to individual members as well as our sport as a whole. To support your involvement with IFFF, SDFF club members that join IFFF can receive a one time \$5 discount on their SDFF annual club dues when you renew your membership with **San Diego Fly Fishers Club**.

Why join International Federation of Fly Fishers?

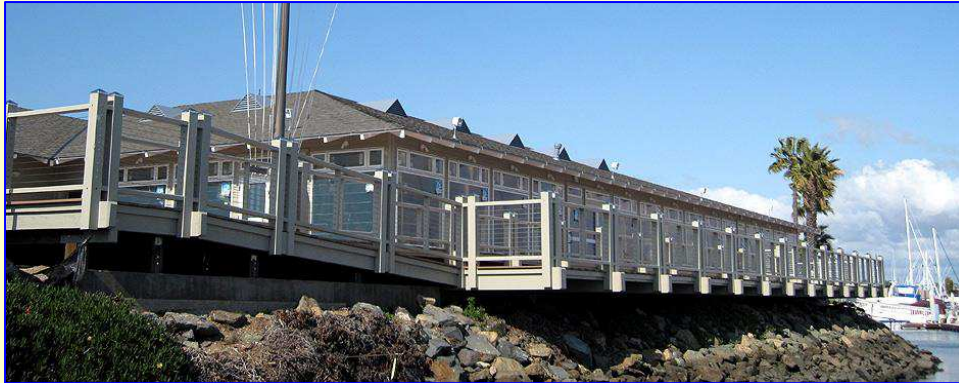

The IFFF is an international non-profit organization dedicated to the betterment of the sport of fly fishing through Conservation, Restoration and Education. The organization and its Councils are the only organized advocate for fly fishers on a regional, national and international level. Our club benefits from IFFF through several programs such as casting, trout in the classroom, guest speakers at no charge, etc.

Additionally, each 12 new IFFF members are **eligible to win a new Lefty Kreh TFO Fly Rod of their choice** via raffle drawn during our monthly meetings.

How this works: Go to <http://www.fedflyfishers.org/Membership> and join IFFF as an individual member. Provide your IFFF member number to **Steve Vissers (Membership Chair)** when you renew your SDFF membership and you will receive a \$5 discount of your SDFF annual club dues. Additionally, your name will be added to the SDFF members that are also new joins to IFFF. Each 12 new IFFF members are eligible for the new Lefty Kreh TFO Fly Rod raffle. Regrets, current members of IFFF are not eligible for the discount nor the new rod, although your support for our club and IFFF is always much appreciated! Questions, see John Adametz.

Below– Barry Perchersky and other volunteers working to get everything ready for the next day for the kids.

San Diego Fly Fishers under the leadership of **Paul Woolery** stepped up to support our local **STAR/PAL** chapter as they provide a healthy and fun outdoor activity, fishing. As usual, we had a large turnout on Friday as we put together nearly 400 rods and reels and have them ready for the kids on Saturday morning (see photos).

On Saturday morning, we were ready to assist the young anglers by having repair stations to repair almost any problem, shore walkers to remove fish (and turtles) from hooks, and giving advice to eager fisherkids.

Great Job, Paul and all volunteers.

Future Activities

C A S T HOPE is excited to announce their second annual fundraising steelhead tournament on the Trinity River. Working with The Fly Shop and Indian Creek Lodge, they have put together an awesome event limited to just 26 fishermen.

Anglers attending the event will receive 3 nights lodging at Indian Creek Lodge and 2 days of guided steelhead fishing on the Trinity River with The Fly Shop. Each person will be receiving a door prize full of Simms Gear to keep you warm. Event details can be found online at: casthope.org.

This isn't your normal "competitive" fishing tournament. Rather, it's an important fundraising event benefiting a great organization that is working hard every day of the year to help introduce kids to the world of fly fishing: Cast Hope.

Cast Hope is a nonprofit organization providing kids with the gift of the great outdoors. It brings kids and mentors together in nature through the sport of fly fishing. In today's "plugged in" world, Cast Hope strives to break that pattern by immersing young people into the environment through guided fly fishing trips, fishing clinics, fly tying events, camp outs, road trips, and conservation outings, creating a healthy hobby that kids can enjoy for the rest of their lives. The goal is to empower these kids to make fly fishing a sport they can do on their own while conserving and sustaining our natural resources. Cast Hope partners with other non-profit youth organizations to help underserved kids, including Boys & Girls Club, Boy Scouts, CASA, Wilderness Experience, Youth 4 Change, and others.

When you love interacting in the outdoors, the best response is to give it away, to make it grow, and to protect it. So our desire is to Share the Adventure--to give kids something to look forward to, something to enjoy, something to look back on, something to care for, and something that will positively impact their lives.

If you are interested in attending this event, please email Ryan Johnston at info@casthope.org.

Eastern Sierra Report from Tom Loe of Sierra Drifters

Quick look fish report 11/21/16

Upper Owens River

Hot Creek

Mostly cooler temps with a slight chance of snow on 11/23. Cold morning air temps in the upper elevations. Upper Owens has some bigs. Migratory rainbows have moved up from Crowley Lake. The UO is open year around upstream from the Benton Bridge with special regulations. Weather much nicer around Bishop. Middle Owens bite has been slow; still producing some quality rainbows on drift trips. Flows are low, 75cfs. in the wild trout section. East Walker flows down to winter releases at 28cfs. The catching has been slow. Pleasant Valley Reservoir fair/poor. Inlet, and river section spotty. Tubing best around launch ramp towards inlet. Hot Creek has been planted with small rainbows, & browns. Water conditions fair. The Gorge is open year around, and is fishing fair/good during warmer periods. Work being done in Lower Gorge. Dry/dropper rigs work well here. **General trout season is now closed.**

Middle Owens River (Bishop area)

Small mayflies, midges, & the last generation of caddis are still emerging daily. Hivis para mayflies, & caddis adults used as your upper fly; with dropper bead head nymphs like Assassins, flashback PT's, olive dubbed crystal caddis, & tiger midges can be effective in the deeper tailouts, and brush lined slots. The bulk of the fish are holding in the deeper pits during the cooler periods of the day, so add some weight, & attach an Under-Cator to your nymph rigs to get down to the trout lying in these holes. We have had a consistent run of large rainbows this fall using streamer patterns like Spruce-A-Bu's, Loebergs, & Seal Buggers. Light sinking tip lines are adequate to get your imitations down to these rascals that are staging up in the tailouts of the larger pools. Numbers have been down on recent drift boat trips due to a lack of fish stocking. Flows have dropped to 75cfs. forcing the trout to migrate into the deeper pools.

Numbers of rainbows have increased recently. No snow or ice, access is fine. You can fish year around above the Benton Bridge with special angling restrictions. The sections below Hot Creeks inlets have significant aquatic weed that makes nymphing difficult. The fish are spread out, & spooky. Make your stream side approaches quietly, & on their tails. Keeping a low profile is necessary to avoid spooking them. Most of the browns are lying under the cut banks during higher sun periods. Flows have dropped considerably; with current levels being 50cfs. Attractor patterns, & streamers are good calls for migratory trout. Drifters Crawlers, crystal eggs, San Juan Worms, crystal leeches, & Assassins are my go to nymphs below an Under-Cator.

Pleasant Valley Reservoir

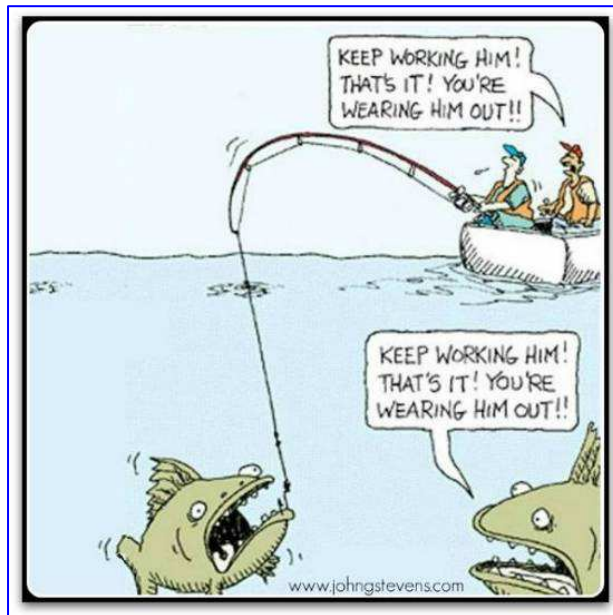

Fishing has been slow due to lack of stocking. The reservoir level is up close to the tree line, making access difficult in the transition section. The small river section can kick out fair numbers of hold over trout using dry/dropper rigs, & streamers. Flows have dropped, & this fertile little river can be really fun if you work the harder to reach brush areas accessible when the powerhouse is not generating. I like dry/dropper combos like Stimulators, hivis mayfly, or caddis as the upper. Use smaller Assassins, FB PT's, or crystal tiger midges as the nymphs. Tubers can get into some fish around the boat launch ramp towards the inlet. Use full sinking; or heavy sink tips to get down ten feet quickly. Loebergs, Crystal Leeches, Agent Orange, Spruce-A-Bu's, & Punk Perch will get you grabs.

Water conditions are fair, with decent flows thanks to October rains and snow. HC has been recently planted with thousands of sub-catchable rainbows and browns. Thanks to the CDFW, and passionate volunteers for their efforts to get fish planted in Hot Creek. Many 8-10 inch rainbows, & thousands of 4 inch browns have just been put into HC. If we can just get some help from mother nature on the water part...HC will comeback strong next summer. These are very small fish, and will have a long winter to face. Please take it easy on them if you choose to fish HC at all. Several public sections were planted. Drifters guide Doug Rodricks toting fish transport buckets.

You can pick up my flies & Under-cators at Reagan's Sports in Bishop, the Crowley General Store (not at the lake), Ricks Sport Center in Mammoth (limited selection), Bridgeport Reservoir RV Park (currently closed for winter), **Stroud Tackle in San Diego**, & Malibu Fish'n Tackle in Thousand Oaks.
